Allie Finkle is ten years old. She's got two annoying little brothers and a dog called Marvin. She's also got a bunch of rules - most of them, like 'Don't get a pet that poops in your hand', having been discovered through bitter experience. In this funny, fast-moving series, Allie makes (and breaks) rules all over the place as she deals with everything that life can throw at her. In Moving Day Allie absolutely DOES NOT want to move house. Moving means leaving behind her pretty pink room and her best friend, Mary Kay. The new house is cold, old, dark and creepy, and there is almost definitely a ZOMBIE HAND living in the attic! Listening to your parents is a golden rule, but how can Allie convince her family that moving is a very bad idea? There's a whole new set of rules to learn when you're the new girl! When you are starting at a brand-new school, you have to wear something good. Allie Finkle's starting her first day of school at Pine Heights Elementary! Plus, she's getting a new kitten, the first pick of show cat Lady Serena Archibald's litter! But being the New Girl is turning out to be scary, too, especially since one of the girls in Allie's new class -- Rosemary -- doesn't like her. In fact, Rosemary says she's going to beat Allie up after school. When it comes to devouring her delightfully outrageous, phenomenally fun fiction, Meg Cabot's fans are Insatiable! And now the #1 New York Times bestselling author of The Princess Diaries—not to mention a host of wonderfully winning grown-up novels like Queen of Babble, Big Boned, and Every Boy's Got One—has a subject she can really sink her teeth into: vampires! A deliciously twisted modern-day sequel to Bram Stoker's classic Dracula, Cabot's Insatiable will leave you laughing...and hungry for more! #1 New York Times bestselling author Meg Cabot's first middle-grade series! Allie Finkle is excited when a new girl, who comes all the way from Canada, joins her class at Pine Heights Elementary. Now Allie won't be the new girl anymore! But her excitement turns to dismay when the new girl, Cheyenne, starts telling everyone in the fourth grade what to do! Soon Cheyenne has everyone, including Allie's best friends, Caroline, Sophie, and Erica, believing that if they don't do what she says, they'll be what Cheyenne accuses them of being - babies! After moving to a new house, ten-year-old Abby and her younger brother Jonah discover an antique mirror that transports them into the Snow White fairy tale. From the author of the National Book Award nominee A TANGLE OF KNOTS comes an inspiring novel about figuring out who you are and doing what you love. Albie has never been the smartest kid in his class. He has never been the tallest. Or the best at gym. Or the greatest artist. Or the most musical. In fact, Albie has a long list of the things he's not very good at. But then Albie gets a new babysitter, Calista, who helps him figure out all of the things he is good at and how he can take pride in himself. A perfect companion to Lisa Graff's National Book Award-nominated A Tangle of Knots, this novel explores a similar theme in a realistic contemporary world where kids will easily be able to relate their own struggles to Albie's. Great for fans of Rebecca Stead's Liar and Spy, RJ Palacio's Wonder and Cynthia Lord's Rules. Praise for Lisa Graff's novels Tangle of Knots (nominated for a National Book Award) * "Combining the literary sensibility of E. B. White with the insouciance of Louis Sachar, Graff has written a tangle that should satisfy readers for years to come."--Booklist, starred review Double Dog Dare "Graff's...story is lighthearted and humorous, but honestly addresses the emotions associated with divorce. Her characters' voices, interactions, and hangups are relatable, as they battle each other and adjust to their families' reconfigurations."--Publishers Weekly Here's the second book in the hilarious Moxy Maxwell series, which includes Moxy Maxwell Does Not Love Stuart little and Moxy Maxwell Does Not Love Practicing the Piano. It isn't as though Moxy isn't grateful for her Christmas presents. She is. She's just not thrilled that she has to write a thank-you note for each one by tomorrow . . . or she will not be allowed to fly to Hollywood to attend a starstudded Hollywood bash with the father she hasn't seen in three years. And writing thank-you notes is not something that a world-class Creative Type relishes doing. But it is more than writing thank-you notes that finally prevents Moxy from taking her trip. When her father cancels at the last minute, Moxy is forced to deal with the reality of a situation she doesn't want to accept, and can't change. But, not surprisingly, she rises to the occasion brilliantly. Allie's theatrical hopes are crushed when, instead of being cast as the princess, she is given the role of the evil queen in the fourth-grade class play. One L, Scott Turow's journal of his first year at law school was a bestseller when it was first published in 1977, and has gone on to become a virtual bible for prospective law students. Not only does it introduce with remarkable clarity the ideas and issues that are the stuff of legal education; it brings alive the anxiety and competitiveness – with others and, even more, with oneself – that set the tone in this crucible of character building. Turow's multidimensional delving into his protagonists' psyches and his marvellous gift for suspense prefigure the achievements of his bestselling first novel, Presumed Innocent. Each September, a new crop of students enter Harvard Law School to begin an intense, often gruelling, sometimes harrowing year of introduction to the law. Turow's group of One Ls are fresh, bright, ambitious, and more than a little daunting. Even more impressive are the faculty: Perini, the dazzling, combative professor of contracts, who presents himself as the students' antagonist in their struggle to master his subject; Zechman, the reserved professor of torts who seems so indecisive the students fear he cannot teach; and Nicky Morris, a young, appealing man who stressed the humanistic aspects of law. Will the One Ls survive? Will they excel? Will they make the Law Review, the outward and visible sign of success in this ultra-conservative microcosm? With remarkable insight into both his fellows and himself, Turow leads us through the ups and downs, the small triumphs and tragedies of the year, in an absorbing and thought-provoking narrative that teaches the reader not only about law school and the law but about the human beings who make them what they are. Blast From the Past is the final book in Meg Cabot's hilarious series for younger readers, Allie Finkle's Rules for Girls. Allie is looking forward to her class field trip - even if it's only to a historic one-room schoolhouse. Riding on a bus is something Allie usually misses out on, living so close to school, and some of her friends are dressing-up in old-timey costumes. But then Mrs. Hunter announces that every student in Room 209 has been assigned a 'buddy' for the day - from Allie's old fourth grade class at Pine Heights Elementary - and her buddy just happens to be her ex-best friend Mary Kay, who betrayed Allie right before she moved! And, as if things aren't bad enough, with renovations going on at Allie's house - there's a hole in the wall that her kitten, Mewsie, keeps disappearing into. What if Mewsie gets trapped inside the wall forever? With her past catching up with her, it looks like this is one trip Allie's going to need to write some major rules for. Stephenie Meyer and Meg Cabot head up this collection of 5 thrilling paranormal stories which take bad prom nights to a whole new level. Imagine discovering you're dancing with the Grim Reaper – and he isn't there to tell you how hot you look. Meg Cabot's youngest star is headed for the stage. . .at her school. For parent's night. But still, it's a starring role! The fourth grade puts on a play written by Mrs. Hunter! Allie is sure she will walk away with the most coveted role--that of the princess, naturally--but one of her friends gets the part! What Allie doesn't realize is that the

part she does get--that of the evil queen--is actually a better (and bigger) role. But Allie isn't content with just starring in the play. She goes full-on method and borrows some false eyelashes to wear for the play, which (what else is new?) causes a great deal of excited controversy. Allie learns it's not the size of the part, it's the size of the heart that matters. The fifth hilarious and sassy book in bestselling Meg Cabot's sensational new series for tweens. Allie is mega excited when Erica's big sister Missy enters the regional Twirltacular baton competition and Erica is allowed to bring all her best friends to watch. But Allie is also invited to Brittany Hauser's birthday party on the same day and will be driven in a stretch limo to the famous Glitterati store, followed by a night in a five-star hotel. Allie really wants to see Missy perform and she thinks Brittany and her friends are snobby, but riding in a limo is a lifelong dream! She decides a little white lie is the best way to keep everyone happy - until everything goes spectacularly wrong and Allie realises she's made a big mistake. Allie has to learn the hard way that bending the rules is a dangerous game... Now a high school junior, Samantha tries to decide whether she is ready to have sex with her boyfriend, who happens to be the president's son. Meg Cabot expands her huge fan base with this slightly darker, more mysterious novel - without losing any of her signature heart and humor. EM WATTS IS GONE. Emerson Watts didn't even want to go to the new SoHo Stark Megastore grand opening. But someone needed to look out for her sister, Frida, whose crush, British heartthrob Gabriel Luna, would be singing and signing autographs there—along with the newly appointed Face of Stark, teen supermodel sensation Nikki Howard. How was Em to know that disaster would strike, changing her, and life as she'd known it, forever? Do you want to be popular? Everyone wants to be popular—or at least, Stephanie Landry does. Steph's been the least popular girl in her class since a certain cherry Super Big Gulp catastrophe five years earlier. Does being popular matter? It matters very much—to Steph. That's why this year, she has a plan to get in with the It Crowd in no time flat. She's got a secret weapon: an old book called—what else?—How to Be Popular. What does it take to be popular? All Steph has to do is follow the instructions in The Book, and soon she'll be partying with the It Crowd (including school quarterback Mark Finley) instead of sitting on The Hill Saturday nights, stargazing with her nerdy best pal Becca, and even nerdier Jason (now kind of hot, but still), whose passion for astronomy Steph once shared. Who needs red dwarves when you're invited to the hottest parties in town? But don't forget the most important thing about popularity! It's easy to become popular. What isn't so easy? Staying that way. Studious, socially conscious Emerson Watts learns startling news about the family of Nikki Howard, the teen supermodel into whose body Emerson's brain was transplanted by the nefarious Stark corporation. All American Girl, by author of The Princess Diaries Meg Cabot, is followed by the sequel Ready or Not. Following Abandon and Underworld, Awaken is the final part to Meg Cabot's breathtakingly passionate The Abandon Trilogy. Seventeen-year-old Pierce Oliviera knew that by accepting the undying love of John Hayden she'd be forced to live forever in the one place she's always dreaded most: the Underworld. The sacrifice seemed worth it, but now her happiness and safety in the realm are threatened. The Furies have discovered that John has broken one of their strictest rules and revived a dead soul. If the balance of life and death isn't restored, both the Underworld and Pierce's home on Earth will be wiped out by the Furies' wrath. Death has her in his clutches. She doesn't want him to let go. Seventeen-year-old Pierce Oliviera knew by accepting the love of John Hayden, she'd be forced to live forever in the one place she's always dreaded most: the Underworld. But now her happiness -- and safety -- are threatened, all because the Furies have discovered that John has broken one of their strictest rules: He revived a human soul. Last year, Pierce died – just for a moment. And when she was in the space between life and death, she met John. Tall dark and terrifying, it's his job to usher souls from one realm to the next.
