The poems of Rabindranath Tagore (1861-1941) are among the most haunting and tender in Indian and in world literature, expressing a profound and passionate human yearning. His ceaselessly inventive works deal with such subjects as the interplay between God and the world, the eternal and transient, and with the paradox of an endlessly changing universe that is in tune with unchanging harmonies. Poems such as 'Earth' and 'In the Eyes of a Peacock' present a picture of natural processes unaffected by human concerns, while others, as in 'Recovery - 14', convey the poet's bewilderment about his place in the world. And exuberant works such as 'New Rain' and 'Grandfather's Holiday' describe Tagore's sheer joy at the glories of nature or simply in watching a grandchild play.

In the idyllic university town, young women daydreamed as they lay on the grass and gazed up at the clouds. Young men took morning walks at Alfred Park. Hot summer afternoons were for drinking sherbet and eating watermelons, and evenings were meant for reading poetry. It was also a time of stifling social mores, and love was an unattainable ideal seldom realized. Allahabad of the 1940s is the serene backdrop to the turbulence of Chander's love for his professor's daughter Sudha. Driven by his passionate belief in the transcending purity of their love, Chander persuades Sudha to marry another man, to devastating consequences. Unhinged by his separation from Sudha and consumed by a restless desire to make sense of love—Is it really about sex? Is the purity of love a lie?—Chander spirals into a destructive affair with the seductive Pammi. Immensely popular since its publication more half a century ago, Chander & Sudha continues to seduce readers with its potent mix of tender passion and heartbreaking tragedy. Why do we offer Vishnu butter, but Shiva milk? Why is Krishna offered the chappanbhog—fifty-six items of food—during Annakuta? Do the goddesses not like bhog? Where does the custom of hanging a lemon and seven chillies come from? Is there a legendary male cook among the gods? Anna is called Brahmin, the way bhasha is called Brahmin. Food and the action of eating maintain life. And yet, traditionally the devi remind you that whenever you eat, you've killed something, sacrificed someone, even plants which come from farms, decimating forests and rivers. The devi reminds one that to build your civilization—sanskriti—you destroy your nature—prakriti. Feast your mind on intricate details behind how we offer food to the gods, and why certain foods are part of the Indian tradition, in this short, sweet read from Devlok. This Volume, The First To Appear In The Ten Volume Series Published By The Sahitya Akademi, Deals With A Fascinating Period, Conspicuous By The Growing Complexities Of Multilingualism, Changes In The Modes Of Literary Transmission And In The Readership And Also By The Dominance Of The English Language As An Instrument Of Power In Indian Society. On the life and works of Aurobindo Ghose, 1872-1950, Indic philosopher, nationalist, and poet; includes Hindi translation of 14 poems of Aurobindo by the author. Keats's first volume of poems, published in 1817, demonstrated both his belief in the consummate power of poetry and his liberal views. While he was criticized by many for his politics, his immediate circle of friends and family immediately recognized his genius. In his short life he proved to be one of the greatest and most original thinkers of the second generation of Romantic poets, with such poems as 'Ode to a Nightingale', 'On First Looking into Chapman's Homer' and

From her reflections on African American life and hardship in *Just Give Me a Cool Drink of Water 'fore I Diiie* to her revolutionary celebrations of womanhood in *Phenomenal Woman* and *Still I Rise*, and her elegant tributes to dignitaries Bill Clinton and Nelson Mandela (*On the Pulse of Morning* and *His Day Is Done*, respectively), every inspiring word of Maya Angelou's poetry is included in the pages of this volume.

Presents the Indian literatures, not in isolation in one another, but as related components in a larger complex, conspicuous by the existence of age-old multilingualism and a variety of literary traditions. -- 1961

An enduring icon of India, Rabindranath Tagore made extraordinary contributions as an artist, nationalist, educationist and philosopher. Deeply aware of the historical significance of his times, he built on the heritage of nineteenth-century Indian renaissance to become one of the makers of the modern Indian mind. In this first-of-its-kind intellectual biography, historian Sabyasachi Bhattacharya sketches a compelling portrait of a Tagore who was innately sceptical, self-critical and tormented by conflicts in his 'inner life'. He draws on letters, autobiographical accounts and literary works, some translated for the first time, to explore Tagore's chief dilemmas. He reveals how despite Tagore's apparently contradictory ideas on patriotism and international humanism, modernity and traditional practices, secularism and religious influence, there was a unified vision that tied together his diverse oeuvre. Thoroughly researched and evocatively written, Rabindranath Tagore: An Interpretation offers

profound insights into Tagore's life and multiple influences that shaped his genius.
