The third design book from the TV and social media star and author of *Habitat* and *Down to Earth*, *Feels Like Home* explores the emotional connection that a home can have to a person's life. A house is a feeling. That is the conceit behind designer Lauren Liess's third book, which explores the emotional connection between the way we decorate our homes and our daily lives. She advises readers to think beyond just the objects in their homes and explore how design informs an intentional, happy, and authentic life. The book includes practical design information, with never-before-seen case studies on a variety of homes including a beach cottage, a farmhouse, a home in the woods, a Spanish colonial, and other more traditional homes. Each case study explores a hardworking design aspect (such as proportion, scale, and color), while also focusing on the emotional aspect of the home. The chapters are inspired by the following themes: comfort, calm, excitement, belonging, carefree, love, and contentment.

Bad guys are not allowed to have birthdays, pick blueberries, or disturb the baby. So say the four-year-olds who announce life's risks and dangers as they play out the school year in Vivian Paley's classroom. Their play is filled with warnings. They invent chaos in order to show that everything is under control. They portray fear to prove that it can be conquered. No theme is too large or too small for their intense scrutiny. Fantasy play is their ever dependable pathway to knowledge and certainty. "It . . . takes a special teacher to value the young child's communications sufficiently, enter into a meaningful dialogue with the youngster, and thereby stimulate more productivity without overwhelming the child with her own ideas. Vivian Paley is such a teacher."—Maria W. Piers, in the *American Journal of Education* "[Mrs. Paley's books] should be required reading wherever children are growing. Mrs. Paley does not presume to understand preschool children, or to theorize. Her strength lies equally in knowing that she does not know and in trying to learn. When she cannot help children—because she can neither anticipate nor follow their thinking—she strives not to hinder them. She avoids the

arrogance of adult to small child; of teacher to student; or writer to reader."—Penelope Leach, author of *Your Baby & Child* in the *New York Times Book Review* "[Paley's] stories and interpretation argue for a new type of early childhood education . . . a form of teaching that builds upon the considerable knowledge children already have and grapple with daily in fantasy play."—Alex Raskin, *Los Angeles Times Book Review* "Through the 'intuitive language' of fantasy play, Paley believes, children express their deepest concerns. They act out different roles and invent imaginative scenarios to better understand the real world. Fantasy play helps them cope with uncomfortable feelings. . . . In fantasy, any device may be used to draw safe boundaries."—Ruth J. Moss, *Psychology Today*

"Every child in the world has a birthday. But how children celebrate this occasion depends on where

they live. In this latest addition to the Around the World series, award-winning author Margriet Ruurs explores the fascinating ways that children experience birthdays. You'll meet fourteen kids from different countries, each celebrating a birthday according to their local traditions. Bram from Belgium never gets to sleep in on his birthday - his family wakes him up by clanging pots and pans. For Ninoshka in India, it's important to give thanks to the Hindu gods and share sweets with her classmates. And some kids don't celebrate their birthdays at all. Instead, Phúc Khang in Vietnam celebrates Tet, when everyone in the country turns one year older. A world map that pinpoints the countries in the book, a Note to Parents and Teachers with interactive activities and a glossary of foreign words and phrases help to enrich the reading experience. Based on interviews with real people from each country, Birthdays Around the World is an invitation to experience a different culture, think about your own birthday celebrations and even learn how to say "Happy Birthday" in another language (like Hawaiian: "Hau oli la hanau" [ho-O-lee LA HA-now])!"-- Combining astrology, numerology, and pure psychic intuition, The Secret Language of Birthdays is a wholly unique compilation that reveals one's strengths, weaknesses, and major issues while providing practical advice and spiritual guidance.
