Through Atheist Eyes: Scenes from a World That Won't Reason: Omnium - Gatherum Feb 20 2022 What is atheism, and what are its logical and philosophical foundations? How does it relate to humanism? Is religiosity a mental disorder, and why is it so hard to cure? Is there such a thing as free will? Do atheists have funerals? Was "The Amityville Horror" a true story? Who was Madalyn Murray O'Hair? Are we being inundated with a flood of religious disinformation? In addition to the answers of these questions, readers of this fourth volume of a five-volume series will find a lot of humor as well, including the Fun-With-Dial-an-Atheist pieces, recalled from the brink of oblivion for one last performance. Also in this volume are the words and music scores to the outrageous Dial-an-Atheist songs "Rutabaga Baby" and "Theophagy Tango." To balance all that levity, the book ends with "Poems I Have Spared," a swan song of sorts to prepare readers for the autobiographical "Volume V: Atheist at Large." A helpful index is included.

An Autobiography Mar 29 2020 The remarkable life and inspiring beliefs of a legendary peacemaker and liberator of India—in his own words. Remember that all through history, there have been tyrants and murderers, and for a time, they seem invincible. But in the end, they always fall. Always. In the story of his life from early childhood through 1921, Mohandas K. Gandhi candidly reveals his young investigations into sin and seeking atonement; the philosophy, art, and literature that influenced his thoughts and ideas; and his first experiences with politics and protest, which would provide the foundation for his nonviolent struggle for justice, equality, and Indian independence from the British Empire. Gandhi's intention in setting down an account of his formative years was to clarify the spiritual principles by which he lived and to inspire individuals and movements in their quests for personal and political freedom. The timeless lessons to be derived from the autobiography of this dedicated seeker of truth and brilliant leader continue to resonate wherever freedom is challenged by tyranny. This ebook has been professionally proofread to ensure accuracy and readability on all devices.

The Literary Field under Communist Rule Oct 24 2019 This volume widens the field of Soviet literature studies by interpreting it as a multinational project, with national literatures acting not as copies of the Russian model, but as creators of a multidimensional literary space. The book proposes a reconsideration of Pierre Bourdieu's theory of literary field and analyzes the interactions of literature, power, and economics under the communist rule. The articles selected include theoretical discussions and case studies from different national literatures presenting different structural elements of the Soviet literary field, as well as phenomena created by the complexity of the field itself, such as the Aesopian language, state of emergency literature, or compromise as the essential element of the writers' identity.

Autobiography Jan 07 2021 Autobiography by G. K. Chesterton is a remarkable book about one of the most inspiring writers of the 20th century. Gilbert Keith Chesterton was an English writer, philosopher, lay theologian, and literary and art critic. He has been referred to as the "prince of paradox". Of his writing style, Time observed: "Whenever possible Chesterton made his points with popular sayings, proverbs, allegories—first carefully turning them inside out."

God's Horse and The Atheists' School Apr 10 2021 Normal 0 false false false EN-US X-NONE X-NONE God's Horse (1996) and The Atheists' School (1999), Wilhelm Dichter's novelistic memoirs, are both striking for their spare, precise prose and for the fullness with which they inhabit the perspectives of, respectively, a young boy trying to survive the Holocaust in hiding and an adolescent in the turbulent world of post-war Poland. The books openly address a rarely documented phenomenon – a Jew who, having escaped death in Nazi-occupied Poland, ascends into the upper echelons of Polish society as a committed Communist. After the war, the narrator becomes the stepson of a rising star in the petroleum ministry. He tries to gain acceptance by becoming a propagandist, but he can't help wondering if those who constantly warn of a renewal of Jewish persecution may be right.

The God Debaters Jul 25 2022 This book examines the post-9/11 God debate in the West. Through a close study of prominent English God debaters Richard Dawkins, Karen Armstrong, Christopher Hitchens, and Terry Eagleton, Adrian Rosenfeldt demonstrates that New Atheist and religious apologist ideas and arguments about God, science, and identity are driven by mythic autobiographical narratives and Protestant or Catholic cultural heritage. This study is informed by criticism of the New Atheist polemic as being positivistic, and the religious apologists as propagating "sophisticated theology." In both cases, the God debaters are perceived as disassociating themselves from human lived experience. It is through reconnecting the God debaters intellectual ideas to their cultural and social background that the God debate can be grounded in a recognisable human reality that eludes reductive distinctions and disembodied abstractions. Adrian Rosenfeldt is a teaching associate at La Trobe University and Melbourne University, Australia. His research interests and teaching involve classical sociology, cultural sociology, sociology of mental illness, modernism, and criminology. His current research focuses on different forms of humanism and identity-making as recognisable in the twenty-first century God debate.

Bits of Autobiography and Interviews Sep 15 2021 During his more than four decades as a critic, editor, and reviewer in the field of weird fiction, S. T. Joshi has repeatedly been the subject of a wide range of interviews. As the leading authority on H. P. Lovecraft, Joshi has given dozens of interviews in which he recounts his work on this controversial author--restoring the texts of Lovecraft's works, assessing the major themes and motifs in his writings, gauging his wide influence on subsequent literature and on popular culture. In addition, Joshi's all-encompassing study of weird fiction has led to interviews on Ambrose Bierce, Arthur Machen, Lord Dunsany, and other leading writers. As an anthologist, Joshi has recounted his compilation of the Black Wings series and other volumes of weird fiction. Beyond this field, Joshi has made lasting contributions in the study of atheism, politics, and the work of H. L. Mencken. This volume reprints for the first time forty interviews that Joshi has given from 1989 to 2019. In addition, there are a handful of autobiographical essays in which Joshi tells of his early fascination with Lovecraft and his life as an atheist and critic. of S. T. Joshi, this is an invaluable volume.

The Autobiography of Madame Guyon Mar 09 2021 Jeanne-Marie Bouvier de la Motte-Guyon (commonly known as Madame Guyon, 13 April 1648 - 9 June 1717) was a French mystic and was accused of advocating Quietism, although she never called herself a Quietist (Intellectual stillness and interior passivity). Quietism was considered heretical by the Roman Catholic Church, and she was imprisoned from 1695 to 1703 after publishing the book *A Short and Very Easy Method of Prayer*. Guyon believed that one should pray at all times, and that one should devote all one's time to God. "Prayer is the key of perfection and of sovereign happiness; it is the efficacious means of getting rid of all vices and of acquiring all virtues; for the way to become perfect is to live in the presence of God. He tells us this Himself: 'walk before Me and be blameless' Genesis 17:1. Prayer alone can bring you into His presence, and keep you there continually." As she wrote in one of her poems: "There was a period when I chose a time and place for prayer. ... But now I seek that constant prayer, in inward stillness known ..." In the Christian dispute regarding grace and works, Guyon defended the belief that salvation is the result of grace rather than works. Like St. Augustine, St. Thomas Aquinas, Calvin, and Martin Luther, she thought that a person's deliverance can only come from God as an outside source, never from within the person himself or herself. As a result of His own free will, God bestows his favour as a gift. This predestination was opposed by Pelagians, who considered it to be irrational in that God would favour a wicked sinner over a good person. However, according to the atheist Schopenhauer, describing this controversy, "if it were works, springing from motives and deliberate intention, that led to the blissful state, then, however we may turn it, virtue would always be only a prudent, methodical, far-seeing egoism. ... Works ...can never justify, because they are always an action from motives." In her autobiography, for example, Madame Guyon criticized self-righteous people who try to gain heaven through their works. She praised lowly sinners who merely submitted themselves to God's will. Of the so-called righteous, she wrote: "the righteous person, supported by the great number of works of righteousness he presumes to have done, seems to hold his salvation in his own hands, and regards heaven as the recompense due to his merits.... His Saviour is, for him, almost useless. "These 'righteous persons' expect God to save them as a reward for their good works." In contrast to the self-sufficient, "righteous" egoists, the sinners who have selflessly submitted to God "are carried swiftly by the wings of love and confidence into the arms of their Saviour, who gives them gratuitously what He has infinitely merited for them". God's "bounties are effects of His will, and not the fruits of our merits." (wikipedia.org)

A Life Observed Dec 18 2021 C. S. Lewis is one of the most influential Christian writers of our time. The Chronicles of Narnia has sold more than 100 million copies worldwide and all Lewis's works are estimated to sell 6 million copies annually. At the fiftieth anniversary of his death, Lewis expert Devin Brown brings the beloved author's story to life in a fresh, accessible, and moving biography through focusing on Lewis's spiritual journey. Although it was clear from the start that Lewis would be a writer, it was not always clear he would become a Christian. Drawing on Lewis's autobiographical works, books by those who knew him personally, and his apologetic and fictional writing, this book tells the inspiring story of Lewis's journey from cynical atheist to joyous Christian and challenges readers to follow their own calling. The book allows Lewis to tell his own life story in a uniquely powerful manner while shedding light on his best-known works.

Candidate Without a Prayer Apr 22 2022 In this deeply revealing and engaging autobiography, Herb Silverman tells his iconoclastic life story. He takes the reader from his childhood as an Orthodox Jew in Philadelphia, where he stopped fasting on Yom Kippur to test God's existence, to his adult life in the heart of the Bible Belt, where he became a legendary figure within America's secular activist community and remains one of its most beloved leaders. Never one to shy from controversy, Silverman relates many of his high-profile battles with the Religious Right, including his decision to run for governor of South Carolina to challenge the state's constitutional provision that prohibited atheists from holding public office. He is equally candid about the battles he has faced in the secular community itself and the many hurdles he overcame in the historic step of politically uniting the country's major secular, humanist, and atheist groups under the banner of the Secular Coalition for America. Silverman combines a satirist's pen with an activist's passion, revealing in humorous and often moving ways a personal side few know. Candidate Without a Prayer offers an intimate portrait of a central player in today's increasingly heated culture wars.
