In this IBM® Redbooks® publication, we compiled best practices for planning, designing, implementing, and maintaining IBM Midrange Storage Solutions. In this publication, we use IBM System Storage® DS5000 storage subsystem for the implementation procedures, and the same

procedures can be used for implementations with DCS3700 or DS3500 storage subsystems. We also compiled configurations for a VMware ESX and VMware ESXi Server host environment. Setting up an IBM Midrange Storage Subsystem is a challenging task. Our principal objective in this book is to provide you with a sufficient overview to effectively enable storage area network (SAN) storage and VMware. There is no single configuration that is satisfactory for every application or situation. However, the effectiveness of the VMware implementation is enabled by careful planning and consideration. Although the compilation of this publication is derived from an actual setup and verification, we did not stress test or test for all possible use cases that are used in a limited configuration assessment. Because of the highly customizable nature of a VMware ESXi host environment, you must consider your specific environment and equipment to achieve optimal performance from an IBM Midrange Storage Subsystem. When you are weighing the recommendations in this publication, you must start with the first principles of input/output (I/O) performance tuning. Each environment is unique and the correct settings that are used depend on the specific goals, configurations, and demands for the specific environment. This publication is intended for technical professionals who want to deploy VMware ESXi and VMware ESX Servers with IBM Midrange Storage Subsystems. Overwhelmed with debt? There is hope and freedom for you no matter how big your problem. Skyrocketing debt has crippled and divided millions in this age of rampant credit, interest-only mortgages, and record loan defaults. The way out from under debt burdens is not a declaration of bankruptcy, but surrender to the Word of God. Becoming debt-free may seem an impossible dream for many, but it is actually an attainable goal according to Howard Dayton, cofounder of Crown Financial Ministries. He overcame his own struggle with debt by applying God's principles to managing his finances, principles he lays out in this practical, encouraging, never-give-up book. Pastor Colin Smith's four-volume masterpiece moves you past Bible stories to understand the Bible as one story--the glorious, unbroken account of Christ's work to redeem a fallen world. Counter the lies that keep you from abundant living. Satan is the master deceiver and his lies are endless. And the lies Christian women believe are at the root of most of their struggles. "Many women live under a cloud of personal guilt and condemnation," says Nancy DeMoss Wolgemuth. "Many are in bondage to their past. Others are gripped by fear of rejection and a longing for approval. Still others are emotional prisoners." In best selling *Lies Women Believe*, Nancy exposes those areas of deception most commonly believed by Christian women—lies about God, sin, priorities, marriage and family, emotions, and more. She then sheds light on how we can be delivered from bondage and set free to walk in God's grace, forgiveness, and abundant life. Nancy offers the most effective weapon to counter and overcome Satan's deceptions: God's truth! February issue includes Appendix entitled Directory of United States Government periodicals and subscription publications; September issue includes List of depository libraries; June and December issues include semiannual index The Bible actually says fairly little about angels

and demons, but popular culture has pushed them into prominence and Christians need to know what to do with this. Tony Evans discusses the functions and realities of the spiritual realm in digestible style.
