Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: - How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk. Loosely based from Dolores's childhood hometown of Niles with a cop for a father comes this short mystery. A small town where no one locks their doors at night is turned upside down when, all of a sudden, all the local businesses begin getting broken into, and the safes are all emptied out. It takes a surprising twist to begin to unravel a whirlwind of an operation. Did they bite off more than they were ready to chew? Cognitive behavior therapy (CBT) is arguably the most effective psychotherapy model for children and adolescents with emotional disorders (e.g., anxiety, depression, obsessive-compulsive disorders, trauma and stress-related disorders, etc.). Emotional disorders in youth frequently overlap or co-occur, and yet many of the existing, effective therapies available for children and adolescents with emotional disorders target just one or a smaller subset of these problems. The Unified Protocols for Transdiagnostic Treatment of Emotional Disorders in Children and Adolescents, based in groundbreaking research from Jill Ehrenreich-May, David H. Barlow, and colleagues, suggest that there may be a

simpler and more efficient method of utilizing effective strategies, such as those commonly included in CBT, in a manner that addresses the broad array of emotional disorder symptoms in children and adolescents. The child and adolescent Unified Protocols do this by framing effective strategies in the general language of strong or intense emotions, more broadly, and by targeting change through a common lens that applies across emotional disorders. Specifically, the child and adolescent Unified Protocols help youth by allowing them to focus on a straightforward goal across emotional disorders: reducing intense negative emotion states by extinguishing the distress and anxiety these emotions produce through emotion-focused education, awareness techniques, cognitive strategies, problem-solving and an array of behavioral strategies, including a full-range of exposure and activation techniques. The Unified Protocol for children and adolescents comprises a Therapist Guide, as well as two Workbooks, one for children, and one for adolescents. —Dan Miller, author of 48 Days to the Work You Love Rock Retirement offers inspirational advice on how to enjoy the journey to retirement to its fullest. Traditional retirement advice usually boils down to saving more, sacrificing more, and settling for less. This approach makes people dependent on systems outside their control, such as the market, economy, and investment returns. The result: people lose power over determining their life. What sets Rock Retirement apart is its holistic approach to helping people take back control and act intentionally towards the life they want. It addresses the fears, hopes, and dreams that people have about retirement, goes way beyond the numbers, and shows them how to balance living well today and tomorrow. "Too many books think retirement is just about finances. Instead, retirement is about looking at life in full and working out what it is you want to do and then turning to finances to make it happen. That's exactly the focus of the practical and helpful guide." —Andrew Scott, coauthor of The 100-Year Life "Roger Whitney lays out a plan for today's modern retiree. If you are exhausted with being fed that retirement is the end game of life, then Roger's book is a must-read!" —Darryl W. Lyons, author of 18 to 80 "If you're dreaming of a retirement free of worry, chaos and confusion, Rock Retirement will give you the clarity, a solid plan and fresh inspiration to help you get where you want to go." —Jevonnah "Lady J" Ellison, author of Love Letters for Leading Ladies Reading program designed for adults grade 5-adult.
