Annual Report; 1967/1968 Mar 29 2020 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-

to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

DoD GEN Apr 10 2021

Castrating and Docking Lambs Feb 26 2020 "The largest part of the returns from farm flocks is derived from the sale of lambs. In order that this source of income may be as large as possible, it is necessary to have lambs in the best possible marketable condition. Ram lambs and undocked lambs are discriminated against on the market because they are less well developed and lack a uniform and attractive appearance. It is impossible to obtain as large gains or as good condition on lambs that have not been castrated. This bulletin discusses how these operations may be done safely and effectively on the farm, ."--Page [2].

Orbital Surgery Nov 29 2022 Orbital surgery deals with a variety of complications occurring in the eye socket comprising inflammatory diseases like thyroid-associated orbitopathy, tumors, infections, and injuries from trauma that affect eye function. In this volume, renowned European orbital surgery experts share their professional experience and expertise. Their contributions cover basic as well as more specialized up-to-date concepts that are beneficial in the diagnosis and treatment of patients with orbital disorders. The book offers a practical review of this complex and very interesting branch of ophthalmic plastic surgery for ophthalmology residents, ophthalmic plastic and orbital surgery fellows, ophthalmic plastic surgeons with a special interest in orbital surgery, and general ophthalmologists.
