**The Road to Xanadu** Jan 07 2021 It takes a great mind to study a great mind. The literary critic John Livingston Lowes puts his reputation on the line by choosing to analyse the sources, thoughts and imagination of the poet Samuel Taylor Coleridge. The result, 'The Road to Xanadu', is a remarkable and insightful examination of the creative processes and reading material that inspired 'The Rime of the Ancient Mariner' and 'Kubla Khan'. Lowes brilliantly uses his study of Coleridge as a springboard to a more wide-ranging analysis of the imagination. If you like Coleridge's work, you will be fascinated by this look into the mind of a literary giant. John Livingston Lowes (1867-1945) was an American scholar and critic of English literature. His best-known subjects were Samuel Taylor Coleridge and Geoffrey Chaucer, author of 'The Canterbury Tales'. His most famous work is 'The Road to Xanadu: A Study in the Ways of the Imagination', which examines the sources of Coleridge's 'The Rime of the Ancient Mariner' and 'Kubla Khan'.

[Tess of the Road](#) Aug 14 2021 Award-winning Rachel Hartman's newest YA is a tour de force and an exquisite fantasy for the #metoo movement. "Tess of the Road is astonishing and perfect. It's the most compassionate book I've read since George Eliot's Middlemarch." --NPR In the medieval kingdom of Goredd, women are expected to be ladies, men are their protectors, and dragons can be whomever they choose. Tess is none of these things. Tess is. . . different. She speaks out of turn, has wild ideas, and can't seem to keep out of trouble. Then Tess goes too far. What she's done is so disgraceful, she can't even allow herself to think of it.

Unfortunately, the past cannot be ignored. So Tess's family decide the only path for her is a nunnery. But on the day she is to join the nuns, Tess chooses a different path for herself. She cuts her hair, pulls on her boots, and sets out on a journey. She's not running away, she's running towards something. What that something is, she doesn't know. Tess just knows that the open road is a map to somewhere else--a life where she might belong. Returning to the spellbinding world of the Southlands she created in the award-winning, New York Times bestselling novel Seraphina, Rachel Hartman explores self-reliance and redemption in this wholly original fantasy. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR \* BOSTON GLOBE \* The Chicago Public Library \* KIRKUS REVIEWS Four starred reviews! "The world building is gorgeous, the creatures are vivid and Hartman is a masterful storyteller. Pick up this novel, and savor every page." --Paste Magazine

**Feasibility Study of Road Pricing in the UK** Feb 08 2021 This study considers the feasibility of options for a new system of charging for road use in the UK, in order to make better use of road capacity and to help reduce traffic congestion. This would mean moving away from the current motoring taxation system and introducing a variable charging system depending on the level of road congestion. Issues discussed include: public attitudes, travel trends, options for national road pricing, institutional aspects of implementation, possible interim options to a national scheme, including the UK lorry road user charging scheme and local congestion charging pathfinder schemes. Amongst the report's conclusions, it finds that national road pricing is becoming feasible in the medium-term (in 10 to 15 years) and could meet the Government's objectives. However, its successful implementation requires the promotion of a greater degree of public acceptance. Although a national scheme is still some years off, a number of practical steps can be taken now in preparation, including promoting a public debate to inform and raise awareness, with research into road users' behaviour and implications for business; working with car manufacturers in the development of vehicle technology standards; and working with local authorities on introducing local charging schemes to tackle congestion problems. This document is published alongside the Transport White Paper "The future of transport: a network for 2030" (Cm. 6234, ISBN 0101623429).

**The Road** Dec 30 2022 The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast. They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash on the wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, *The Road* is an incandescent novel, the story of a remarkable and profoundly moving journey. In this unflinching study of the best and worst of humankind, Cormac McCarthy boldly divines a future without hope, but one in which, miraculously, this young family finds tenderness. An exemplar of post-apocalyptic writing, *The Road* is a true modern classic, a masterful, moving and increasingly prescient novel. This edition is part of the Picador Collection, a series of the best in contemporary literature, inaugurated in Picador's 50th Anniversary year.

**The Road to Xanadu - A Study in the Ways of the Imagination** Nov 17 2021 THE ROAD TO XANADU. PREFACE: THE story which this book essays to tell was not of the tellers choosing. I t simply came, with supreme indifference to other plans, and autocratically demanded right of way. A glittering eye and a skinny hand and a long gray beard could not have done more summary execution, nor, for that matter, could the Wedding-Guest himself who also had other fish to fry have been, at the outset, a more reluctant auditor. But the reluctance swiftly passed into absorbing interest, as the meaning of the chance glimpse which did the business was disclosed. For the agency which cast the spell was not, as it happened, a pair of marvellous fairy-tales at all, nor even the provocative and baffling personality of their creator. It was the imaginative energy itself, surprised as it seemed to me at work behind these fabrics of its weaving. If I Gas right, and if I could make clear to others what I thought I saw myself, I had no alternative. That the aperpi, such as it was, should come through The Ancient Mariner, when I was intent at the moment upon Chaucers rich humanity, was, to be sure, more than a little disconcerting. It was so, however, that it chose to come, and Wyrd goeth as she will. Once started on, however, the story has been written in its present form I fear I. must confess quite frankly for the writers own enjoyment - in part for the sheer pleasure of following into unfamiliar regions an almost untrodden path not a little for that fearful joy one snatches from the effort to exhibit, with something that approaches clarity, the order which gives meaning to a chaos of details. It would have been easy in comparison to communicate, for the edification of a narrow circle only, a mass of observations to the pages of some learned journal, and let it go at that. But the subject in itself was far too interesting, and the light it seemed to throw upon a wider field far too significant, to warrant any but the broadest treatment I could give it. I am not sure, indeed, that one of the chief services which literary scholarship can render is not precisely the attempt, at least, to make its findings available and interesting, if that may be beyond the precincts of its own solemn troops and sweet societies. At all events, that is the adventurous enterprise of this volume. Its facts I think I can safely vouch for. As for the interpretation thereof, that is the core of the book...
