Eli Monpress is talented. He's charming. And he's a thief. But not just any thief. He's the greatest thief of the age -- and he's also a wizard. And with the help of his partners -- a swordsman with the most powerful magic sword in the world but no magical ability of his own, and a demonseed who can step through shadows and punch through walls -- he's going to put his plan into effect. The first step is to increase the size of the bounty on his head, so he'll need to steal some big things. But he'll start small for now. He'll just steal something that no one will miss -- at least for a while. Like a king. Living Soul provides answers to some of lifes fundamental questions. The Lord God provides these solutions through His Word. Here are some concerns that affect everyone: Why are Christians and unbelievers afflicted by similar infirmities? Doesnt the church possess the power of God over all sicknesses and diseases? Where is the evidence of might? Jesus Christ gave his twelve apostles the remedy for every sickness and disease. For three and a half years, there were no afflictions wherever Jesus went. Jesus healed every complaint, and he showed his twelve apostles how to live victoriously over all the works of the Devil. They proved that they had competence over all

disorders after Jesus returned to heaven. Read *Living Soul* and discover the tools they used to fight maladies and how you can use them, too. You don't have to be ailing. *Living Soul* can teach you how to fight adversity. Sickness and disease can happen to anyone. Read *Living Soul* and discover the cure Christ gave to the church. *Not Every Spirit* explores the notion of Christian faith as disbelief and how the task of "testing the spirits" develops and comes to be understood within Christianity as a theological discipline called dogmatics. It also focuses on uncovering disbeliefs of the Christian faith concerning the Word of God, the being of God, Jesus Christ, the Holy Spirit, creation, salvation, humanity, the church, and the life to come. This book is a fresh and timely dogmatic text that will take its place as a standard work on Christian teachings.

Rachel Klein is sacked from her job at the White House after she sends an email criticizing Donald Trump. As she is escorted off the premises she is hit by a speeding car, driven by what the press will discreetly call "a personal friend of the President." Does that explain the flowers, the get-well wishes at a press briefing, the hush money offered by a lawyer at her hospital bedside? Rachel's recovery is soothed by comically doting parents, matchmaking room-mates, a new job as aide to a journalist whose books aim to defame the President, and unexpected love at the local wine store. But secrets leak, and Rachel's new-found happiness has to make room for more than a little chaos. Will she bring down the

President? Or will he manage to do that all by himself? Rachel to the Rescue is a mischievous political satire, with a delightful cast of characters, from one of America's funniest novelists. Sophie Mercer thought she was a witch. That was the whole reason she was sent to Hex Hall, a reform school for delinquent Prodigium (aka witches, shapeshifters, and fairies). But that was before she discovered the family secret, and that her hot crush, Archer Cross, is an agent for The Eye, a group bent on wiping Prodigium off the face of the earth. Turns out, Sophie's a demon, one of only two in the world-the other being her father. What's worse, she has powers that threaten the lives of everyone she loves. Which is precisely why Sophie decides she must go to London for the Removal, a risky procedure that will either destroy her powers forever - or kill her. But once Sophie arrives she makes a shocking discovery. Her new housemates? They're demons too. Meaning someone is raising them in secret with creepy plans to use their powers, and probably not for good. Meanwhile, The Eye is set on hunting Sophie down, and they're using Acher to do it. But it's not like she has feelings for him anymore. Does she? All Wrapped Up is a series of gorgeous stationery books celebrating the work of Australia's best and brightest artists. Includes 20 gift wrapping sheets and gift stickers. The authoritative biography of the marine

biologist and nature writer whose book *Silent Spring* inspired the global environmentalist movement. In a career that spanned from civil service to unlikely literary celebrity, Rachel Carson became one of the world's seminal leaders in conservation. The 1962 publication of her book *Silent Spring* was a watershed event that led to the banning of DDT and launched the modern environmental movement. Growing up in poverty on a tiny Allegheny River farm, Carson attended the Pennsylvania College for Women on a scholarship. There, she studied science and writing before taking a job with the newly emerging Fish and Wildlife Service. In this definitive biography, Linda Lear traces the evolution of Carson's private, professional, and public lives, from the origins of her dedication to natural science to her invaluable service as a brilliant, if reluctant, reformer. Drawing on unprecedented access to sources and interviews, Lear masterfully explores the roots of Carson's powerful connection to the natural world, crafting a "fine portrait of the environmentalist as a human being" (Smithsonian). "Impressively researched and eminently readable . . . Compelling, not just for Carson devotees but for anyone concerned about the environment." —People "[A] combination of meticulous scholarship and thoughtful, often poignant, writing." —Science "A sweeping, analytic, first-class biography of Rachel Carson." —Kirkus Reviews Many people have silently asked themselves why can't I drink like everyone else? They wonder why sometimes it feels like alcohol has a

pull over them, that they don't understand, and don't like to talk about. They are frustrated that other people can control how much they drink without any problem, when their efforts are often hit or miss. Rachel Hart has spent years trying to answer these questions for herself and untangle this mystery. Deep down, she was afraid that her drinking was always going to be a problem, and grew more and more frustrated of the repercussions. As the years mounted, she worried that not being able to rein herself in meant something was really wrong with her. There is a solution—and it doesn't require anyone to wear a label for the rest of their life or admit to being powerless. In fact, the tools outlined inside will reveal just how much power there is within each and every person struggling with this issue. This box set collects the first three books of the award-winning New England Furies series into an affordable bundle, along with two short stories (Venus Rising and Something Blue) and The Official Fury's Kiss Companion, a novella-length peek behind the scenes into the world of the Furies. Get \$18 of value for only \$9.99! Eli Monpress is clever, he's determined, and he's in way over his head. First rule of thievery: don't be a hero. When Eli broke the rules and saved the Council Kingdoms, he thought he knew the price, but resuming his place as the Shepherdess's favorite isn't as simple as bowing his head. Now that she has her darling back, Benehime is setting in motion a plan that could destroy everything she was created to protect, and even Eli's charm might not be enough to stop her.

But Eli Monpress always has a plan, and with disaster rapidly approaching, he's pulling in every favor he can think of to make it work, including the grudging help of the Spirit Court's new Rector, Miranda Lyonette. But with the world in panic, the demon stirring, and the Lord of Storms back on the hunt, it's going to take more than luck and charm to pull Eli through this time. He's going to have to break a few more rules and work with some old enemies if he's going to survive. Rachel has no trouble believing in spirits. It's the living she has a tough time believing in. This omnibus contains the first 3 novellas in the Spirit Caller series, plus two bonus short stories: Tea and Seal Meat, and Table for One. Spirits Rising: If Rachel's going to have any hope of sending the spirits to their peace, she'll have to stop drooling over unattainable men and trust her 93-year-old neighbour to help her stand against the spirits before their supernatural war engulfs them all. Dark Whispers: A rash of teen suicides shakes the remote Newfoundland village that Rachel Mills calls home. As Rachel helps the school investigate, painful memories from her past - events she's worked very hard to forget - resurface and won't go back into the grave where they belong. Knight Shift: After a lifetime of running away from spirits, Rachel Mills finds herself chasing them. Plus, Rachel's made a decision about Jeremy, the secret love of her life. It's time to have a chat. This book, a compilation of four essential resources, contains the steps to finding freedom from demonic oppression, emotional wounds, sexual bondages and

ties to the occult. Each topic is enhanced with contributions from well-known experts in the field of deliverance. Pastors, counselors and those who seek freedom for themselves will garner both a basic understanding of each issue and the means to ministering healing. No church should be without this crucial guide for bringing lifelong freedom to every Christian. Eli Monpress is talented. He's charming. And he's a thief. But not just any thief. Rachel Jackson, wife of President Andrew Jackson, never wanted to be First Lady and tried to dissuade her husband from his political ambitions. Yet she publicly supported his political advancement and was the first wife of a presidential candidate to take to the campaign trail. Privy to his political decisions, she offered valued counsel, and Jackson sometimes regretted not taking her advice. Denied a traditional education by her father, Rachel's innate business savvy made the Jacksons' Tennessee plantation and businesses profitable during her husband's continual

absences. This biography chronicles the life of a First Lady who rebelled against 19th-century constraints on women, overcame personal tragedies to become an inspirational figure of persistence and strength, and found herself at the center of one of the vilest presidential smear campaigns in history. Eli Monpress is vain. He's cocky. And he's a thief. But he's a thief who has just seen his bounty topped and he's not happy about it. The bounty topper, as it turns out, is his best friend, bodyguard, and master swordsman, Josef. Who has been keeping secrets from Eli. Apparently, he's the only prince of a rather feisty country and his mother (a formidable queen who's every bit as driven and stubborn as he is) wants him to come home and do his duty, which means throwing over personal ambitions like proving he's the greatest swordsman who ever lived. Family drama aside, Eli and Josef have their hands full. The Spirit Court has been usurped by the Council of Thrones and someone calling herself the Immortal Empress is staging a massive invasion. But it's not just politics -- the Immortal Empress has a specific target in mind: Eli Monpress, the greatest thief in the world. You don't stop living when you die. They're called Deadliners, they're spirits, and they play fate with human lives. These 'deadline assignments' have unfinished business which must be cleared by the time they die. What the deadliners don't know, is that by helping others, they clear karma of their own. They're a strong group of spirits who would do anything for one another - until one of them has to

let the leader's wife die. There she forms an unlikely bond with a free-spirited Australian girl, a born adventurer who spurs Rachel on to a yearlong odyssey that takes her to three continents, fills her life with newfound friends, and gives birth to a previously unrealized passion for adventure. As her journey takes her to Australia and South America, Rachel discovers and embraces her love of travel and unlocks more truths about herself than she ever realized she was seeking. Along the way, the erstwhile good girl finally learns to do something she's never done before: simply live for the moment. Fifteen-year-old Izzy, who comes from a long line of monster hunters, investigates a series of hauntings at her new high school. 'A classic, a landmark in modern Hebrew letters. Beautifully written and deeply learned ... the appearance of the long-awaited English translation is a cause for celebration.' - Elliot Ginsburg, Journal of Religion Sacred Wells is an in depth study of springs, wells and waters that have been venerated from California to Cornwall, Russia to Australia. Tales of faeries, black hounds, hauntings and

miraculous cures are explored. Many of these sites are still locations for religious festivals and ritual, unchanging for hundreds of years. The book is illustrated with photos taken by the author. Dedicated to the spirit of living peacefully, pleasurably, and prayerfully, author Janet Hall Svisdahl shares a wide range of delicious recipes from simple to gourmet, gathered internationally from family and friends. Delightful camaraderie with the sharing of good food in harmonious frame of mind is the purpose behind this thoughtful provoking book. Prose meant for meditative exercise is scattered throughout for the mind and spirit, intoxicating wisdom from great visionaries, wistful poets, renowned presidents, and universal religious leaders. Each section from cocktails to appetizers, breakfast, lunch, sides, dinner, and desserts, has its own table of contents to make finding recipes a breeze. Includes a beer and wine guide, 4 complete holiday dinners, metric and imperial measurements, how to meditate, the 17 most important things to remember in life, and signs and symptoms of inner peace. Vodou has often served as a scapegoat for Haiti's problems, from political upheavals to natural disasters. This tradition of scapegoating stretches back to the nation's founding and forms part of a contest over the legitimacy of the religion, both beyond and within Haiti's borders. *The Spirits and the Law* examines that vexed history, asking why, from 1835 to 1987, Haiti banned many popular ritual practices. To find out, Kate Ramsey begins with the

Haitian Revolution and its aftermath. Fearful of an independent black nation inspiring similar revolts, the United States, France, and the rest of Europe ostracized Haiti. Successive Haitian governments, seeking to counter the image of Haiti as primitive as well as contain popular organization and leadership, outlawed “spells” and, later, “superstitious practices.” While not often strictly enforced, these laws were at times the basis for attacks on Vodou by the Haitian state, the Catholic Church, and occupying U.S. forces. Beyond such offensives, Ramsey argues that in prohibiting practices considered essential for maintaining relations with the spirits, anti-Vodou laws reinforced the political marginalization, social stigmatization, and economic exploitation of the Haitian majority. At the same time, she examines the ways communities across Haiti evaded, subverted, redirected, and shaped enforcement of the laws. Analyzing the long genealogy of anti-Vodou rhetoric, Ramsey thoroughly dissects claims that the religion has impeded Haiti’s development. With the pressure on after his success in Gaol, Eli Monpress, professional thief and degenerate, decides it's time to lie low for a bit. Taking up residence in a tiny seaside village, Eli and his companions seize the chance for some fun and relaxation. Nico, however, is finding it a bit hard. Plagued by a demon's voice in her head and feeling powerless, she only sees herself as a burden. Everyone's holiday comes to an untimely close, though, when Pele arrives to beg Eli's help for finding

her missing father. But there are larger plans afoot than even Eli can see, and the real danger, and the solution, may lie with one of his own and her forgotten past. If only Nico could remember whose side she's on. Eli Monpress is brilliant. He's incorrigible. And he's a thief. He's also still at large, which drives Miranda Lyonette crazy. While she's been kicked out of the Spirit Court, Eli's had plenty of time to plan his next adventure. But now the tables have turned, because Miranda has a new job -- and an opportunity to capture a certain thief. Things are about to get exciting for Eli. He's picked a winner for his newest heist. His target: the Duke of Gaol's famous "thief-proof" citadel. Eli knows Gaol is a trap, but what's life without challenges? Except the Duke is one of the wealthiest men in the world, a wizard who rules his duchy with an iron fist, and an obsessive perfectionist with only one hobby: Eli. It seems that everyone is hunting for Eli Monpress. This is a special collection of the first books of each series by Canadian author Krista D. Ball. This collection contains: THE DEMONS WE SEE (Book 1 of the Dark Abyss of Our Sins series) SPIRITS RISING (Book 1 of the Spirit Caller series) DARK WHISPERS (Book 2 of the Spirit Caller series) BLAZE (Book 1 of the Tales of Tranquility series) TRAITOR (Book 1 of the Collaborator series) From a space station far away, to Newfoundland's northern peninsula, to two unique secondary worlds, this collection covers space opera, tradition fantasy, and urban fantasy. Enjoy! Fifteen-year-old Izzy, who comes from a long line of monster

hunters, investigates a series of hauntings at her new high school. Whisky is Scotland's national drink and has been for over five hundred years, since then becoming a global phenomenon. It is a drink that is a profound and important part of Scottish life and culture but, unlike other countries and their national libations, it has hardly been used in food. Rachel McCormack is going to change that with this book. Limiting whisky to a drink, she believes, is similar to the traditional Presbyterian attitude to sex; it should only be done with the lights off and in the missionary position. Rachel believes that there is an entire Karma Sutra of whisky use out there and she has put it in this book. Interspersing an engaging mix of anecdotes, history and information on distillers and recipes, this book will appeal to everyone from the cooking whisky connoisseur, to the novice whisky learner looking for some guidance on what to eat and cook. Rachel travels the length and breadth of Scotland, discovering a myriad of unique and interesting people and facts about this remarkable drink, with interviews with the key people who create it around the country, as she visits the famous distilleries of her country, as well as the more home-grown variety.
